Q: Do the tours ever get cancelled for weather?

A: The show must go on! Dress appropriately for the conditions. Comfortable walking shoes are recommended. However, extreme weather will certainly cancel or postpone the tour. Please see our Facebook page for updates.

Q: Where is the best place to eat after the tour?

A: That's a good question. With over 24,000 restaurants in NYC, it's really difficult to say what the best is. I strongly recommend using review sites like Tripadvisor or Yelp. For Yelp reviews of restaurants near the tour's end, [click here](#).

Q: What is an appropriate tip/gratuity?

A: Another good question. Since our tours are free, and we work just for tips, it's really up to you; how you like the tour and what your financial situation is? These are important determinants. With that said, we average about \$8 per guest on our 2 hour tours. However, we like to think of our tours as "name your own price". You let us know what you think. Don't like the tour? Don't waste your money! Love it? Then we appreciate whatever you feel is fair. How can you beat that?
